Career Objective

Technology-driven Electrical and Electronics Engineering student with interests in embedded systems, IoT, and application development. Skilled in combining hardware and software technologies to build efficient real-world solutions.

Education

Silicon University, Bhubaneswar <i>B.Tech in Electrical and Electronics Engineering</i>	2023 – Present CGPA: 8.53
Sant Nandlal Smriti Vidya Mandir, Ghatsila <i>Senior Secondary (CBSE)</i>	2021 – 2023 90.8%
Sant Nandlal Smriti Vidya Mandir, Ghatsila <i>Secondary (CBSE)</i>	2019 – 2021 93%

Skills

Languages: Python, C, C++, Java, Kotlin, JavaScript
Web: HTML, CSS
Core CS Concepts: OOPS, DBMS, Operating Systems, Data Structures & Algorithms
Tools/Technologies: Git, GitHub, Android Studio, MySQL, MATLAB, Linux, Microsoft Excel
Hardware/IoT: Arduino, ESP8266/ESP32, Sensors, Relay Modules, Basic Circuit Design
Database: MySQL, Firebase Firestore

Projects

IoT Home Automation System

ESP32, IoT, Sensors

- Developed an IoT-based home automation system for remotely controlling appliances using Wi-Fi.
- Integrated sensors, relay modules, and ESP32 for automation control.

IoT-Based Smart Examination Bell System

ESP8266/ESP32, Embedded C, HTML, CSS, JavaScript, Firebase

- Developed a web-based control system for scheduling and triggering bell operations.
- Enabled real-time remote control using Wi-Fi communication.

SIT Cinemax App

Kotlin, Jetpack Compose, Firebase

- Built an Android movie ticket booking app using Jetpack Compose and Firebase.
- Implemented dynamic UI, navigation, and real-time updates.

Supermarket Management System

Python, MySQL

- Developed a billing and inventory management system.
- Implemented CRUD operations and automated bill generation.

Internships / Work Experience

Android Developer Intern — Ingenious Tech World

Jun 2025 – Aug 2025

- Developed Android UI using Kotlin and Jetpack Compose.
- Improved application performance and user experience.

Digital Marketing Intern — Syllogistek Pvt Ltd

Jun 2024 – Jul 2024

- Performed SEO optimization and keyword research.
- Analyzed campaign performance metrics.
